MEDTECH

WINDOWS SERVER INSTANCIADO NA AWS

Obter senha do Windows Informações

Use sua chave privada para recuperar e descriptografar a senha inicial instância.

ID da instância
i-047fd125800c1d7e7 (webservice-medtech)

Par de chaves associado a essa instância
MedTech

Chave privada

Carregue o arquivo da chave privada ou copie e cole o conteúdo no campo abaixo.

Carregar arquivo da chave privada

Quando solicitado, conecte-se à instância usando o seguinte nome de usuário e senha:

☐ (3Cy%OS6v-0g77M4jOb.E&Lg8\$jZA??&

Se tiver ingresso sua instância em um diretório, você pode usar as credenciais do diretório para se conectar à sua instância.

What type of rule would you like to create?						
Э	Program Rule that controls connections for a program.					
•	Port Rule that controls connections for a TCP or UDP port.					
C	Predefined:					
	AllJoyn Router Rule that controls connections for a Windows experience.					
S	Custom rule.					
	< <u>B</u> ack <u>N</u> ext >					

Does this rule apply to TCP or UDP?										
 <u>ICP</u> <u>U</u>DP 	-									
Does this rule apply to all local ports or specific local ports?										
○ All local ports										
Specific local ports:	80, 443									
	Example: 80, 443, 5000-5010									
	< <u>B</u> ack <u>N</u> ext >									

What action should be taken when a connection matches the specified conditions?							
Allow the connection							
This includes connections that are protected with IPsec as well as those are not.							
Allow the connection if it is secure							
This includes only connections that have been authenticated by using IPsec. Connect will be secured using the settings in IPsec properties and rules in the Connection Secur Rule node.							
Customi <u>z</u> e							
○ Block the connection							
< <u>B</u> ack <u>N</u> ext >							

SQL Server 2019

Express Edition

Select an installation type:

Basic

Select Basic installation type to install the SQL Server Database Engine feature with default configuration.

Custom

Select Custom installation type to step through the SQL Server installation wizard and choose what you want to install. This installation type is detailed and takes longer than running the

Download Media

Download SQL Server setup files now and install them later on a machine of your choice.

SQL Server transmits information about your installation experience, as well as other usage and performance data, to Microsoft to help improve the product. To learn more about data processing and privacy controls, and to turn off the collection of this information after installation, see the documentation
